

## Creative Writing

The easiest and most satisfying way to relate ones innermost thoughts and feelings is through the composition of personal writing or poetry. You can become a writer through the application of the craft of writing from your individual emotional experiences for either nonfiction or fiction writing. Everyone enjoys successfully relating their ideas to others on paper. Work with a seasoned published writer to discover the processes for writing for publication, submission of manuscripts, and publishing avenues. Bring a sample of your writing style to the first class.
